

# St. Andrew's Episcopal Church (SAEC): Affordable Housing Assets Inventory

The purpose of this survey is to assess the resources that St. Andrew's Episcopal Church (SAEC) members may possibly bring to the work of providing affordable housing and support to our neighbors in need of a safe and healthy place to live. At this point, we want to assess what resources *may be available* to imagine the possibilities. We are not asking you for a commitment, only if you would consider using your assets to support the affordable housing efforts of St. Andrew's and the larger Interfaith Affordable Housing Initiative. Your responses to this survey will be held confidential.
